### **AFFILIATION FEES / COMPETITOR LEVY**

Fees are based on Shearing, Woolhandling, Pressing and Speed Shear events. \$3.00 per competitor is payable, with a minimum fee of \$40.00 (plus GST).

*This excludes Circuit Events.*

The levy provides funds for the promotion of the sport and uniforms for national teams.

### **THE DIRECTORY**

This publication is annually compiled by SSNZ.

SSNZ was formed in 1973 to promote, encourage and co-ordinate the activities of societies and or committees involved with the running of shearing and woolhandling competitions.

## COMPETITION RESULTS

SSNZ Publicity Officer, Doug Laing

Is available to assist with publicity needs leading up to and after your competition, particularly in getting results to appropriate newspapers.

Shows catering for TAB sports betting must have all open entries in 14 days prior to the competition.

All competitions listed will receive an Affiliation and Levy remittance form and a results form prior to the competition.

The remittance forms should be filled out and a cheque attached before returning to the SSNZ secretary.

The results form should be completed and faxed to Doug Laing by the Saturday evening or Sunday morning following the competition. Alternatively a phone call or email is great.

Remember fresh news is usable, anything older than 48 hours has almost lost its appeal!

#### **4. SCORING SYSTEM - TIME PENALTIES**

## CERTIFICATE IN WOOL TECHNOLOGY

The Certificate in Wool Technology is an extramural tertiary-level course for people interested in the production, harvesting and preparation of wool. This 2 yr programme develops the knowledge and skills needed to supervise clip preparation in the shearing shed and to class wool in the shed or store.

### **What's new?**

In response to industry demand, we have developed a Wool Classing Module that will allow leading wool handlers to focus their programme on wool classing. This has a strong practical component that involves trainees working alongside mentors in live classing situations. This allows you to learn the business alongside industry professionals

### **Aligned to equivalent Australian qualifications:**

An added benefit for people graduating with the Wool Technology classing qualification is the opportunity to have your classing stencil endorsed in Australia. This requires a short bridging course to get you qualified to class wool in Australia.

### **Registration:**

Applications for enrolment are open now so don't delay!

## CHECKLIST FOR SHEARING & WOOLHANDLING COMMITTEES:

As a quick guide here is a checklist of the people and roles important for a smooth running competition:

- ⇒ Chairman responsible for coordination, program, presentations and gathering together a good team.
- ⇒ Secretary: Entries, results to Doug, cash prizes, judging stationary, judges etc.
- ⇒ Publicity Officer: Doug! Use him, he's great value.
- ⇒ Sheep Steward: responsible for securing the sheep, good preparation and selection for finals. Transport, unloading and loading, and any animal welfare issues.
- ⇒ Sheep Steward: responsible for securing the sheep, good preparation and selection for finals. Transport, unloading and loading and any animal welfare issues.
- ⇒ Pen Steward: to ensure enough pen staff for the stock movement of shorn & woolly sheep—works closely with the sheep steward.
- ⇒ Wool Steward: ring the wool examiner for help here—wool containers, wool movers, stop watches. Pressing requirements with fadges, clips etc. A good wool
- ⇒ judging area with tables and fadge holders. Press and presser.
- ⇒ Points Person: very important, computer generated results are always the best, but so are accurate manual points people. Copies of points for the finalists are always appreciated.
- ⇒ Presentation Steward: someone who knows what all goes together such as product, cash and ribbons—not an easy job. Nice to have a well laid table and a prepared presentation steward to ensure the presentation goes off well.

## CHECKLIST FOR SHEARING & WOOLHANDLING COMMITTEES:...cont

- ⇒ Catering: nothing goes well without good food for the hard working crew. This includes cold drinks for those hot day.
- ⇒ Draws Steward: This person will ensure the draws are made in a timely manner and will then attend to the blackboards with names clearly and correctly written.
- ⇒ Commentator: someone to ensure the day moves along and can keep the layperson informed as to what is going on. Also important in keeping our sponsors in front of the people.
- ⇒ Disputes Committee: not often this is needed, but you do need to be aware of who forms the make up of this body (Shearer / Woolhandler Rep).
- ⇒ One last tip, it's always helpful if the committee are conversant with the Directory—90% of the answers are at your fingertips, if not give your Regional Delegate a call, only too pleased to offer support.
- ⇒ All A-grade Crossbred open shearing shows to run 10 sheep semi-final and other shows to run a minimum of 8 sheep semi-final where practical.

## YFC SHEARING & WOOLHANDLING CHAMPIONSHIPS:

**Blue Ribbon:** For individual shearers

**YFC Teams:** Teams of 2 shearers & 2 woolhandlers

- \* Competitors must be bona fide active members of YFC
- \* Qualification heats start at club or district levels early Oct.
- \* Open Teams and Blue Ribbon finals held at Golden Shears.
- \* For further information contact:
  - ⇒ YFC Head Office      0800-699-346

## PROGRAMME TIPS:

A professional image and presentation is important for the survival of our sport. Plan your competition with careful attention to detail so that you start on time and stay on time.

Understand that finals are the finale for the day, they deserve to be in prime time, think about the best timing for these events.

A sponsor who can appear in front of an enthusiastic crowd, will definitely want to be there again next year.

So our hot tips are:

- ⇒ Have a timetable, and be committed to sticking with it.
- ⇒ Promote your show at preceding shows, especially the start time.
- ⇒ Organise to have plenty of help.
- ⇒ It's not your fault if people are late—the late junior shearer will just have to shear in the intermediate class!
- ⇒ Aim to run the major finals at prime time 3pm-4pm. This is just before people start leaving for home.
- ⇒ Schedule events to minimize delays.
- ⇒ Keep the pace 'hot', a good commentator can help this.
- ⇒ Be just as careful in your planning for the prize giving as for the actual shearing and woolhandling events. A lack of planning at the prize giving can cancel all the good work early on.
- ⇒ **Public Liability** all competitions are urged to check their public liability responsibilities and cover.

SSNZ encourages all show committees to promote their events through the media, if this is an issue, let Doug help you. Often a good idea to have someone who has this as a dedicated responsibility.

Finally, please remember to get those results to Doug asap, after your competition.
